From the Bethel Town Office Radio and Safety Committees organize Planning Bd. inspects subdivision sites

The Radio Study Committee met Tuesday evening, Sept. 18, at the Fire Station. Blake MacKay was elected committee chairman and the Town Manager was asked to serve as secretary.

The majority of discussion centered on the benefits and problems of Bethel connecting to the Oxford County Communications Center for emergency service dispatching. Questions were raised as to the present status of the county system and its present ability to serve additional towns. John Greenleaf agreed to contact the county CEP Office and ask that a representative attend the next meeting of the committee to review the present status and future directions of the County ROC.

The committee also reviewed the present ambulance service dispatching system and the need for an emergency power source to operate the town radio system in times of power failures.

The Board of Assessors met Monday evening, Sept. 17, to act on various questions and concerns about 1979 valuations. A small number of corrections were made and a number of field visits and meetings with property owners were planned. The next Assessors' meeting will be Monday evening, Oct. 1.

The Community Safety Committee, meeting on Tuesday, Sept. 18, at the Town Office, elected officers for the coming year. Barbara Brown was re-elected chairman. Danny Kennagh was elected vice chairman, and Robert Whitney was elected secretary. Alethea Froburg was welcomed as a new member of the committee.

Town staff assistant George Allen appeared before the committee to describe the town street number project, which is being prepared to assist the emergency services in pinpointing locations in town. He also discussed with the committee their concern about dangerous intersections in town and other traffic safety problems, in connection with the town's preparation of a comprehensive traffic ordinance for Bethel.

The committee also reviewed the August report of the Bethel Police Department. They set their next meeting for 7:30 p. m., October 2, at the Town Office. Possible topics for the next meeting are the relation between traffic accidents and drugs and alcohol abuse, and legislation concerning bottle clubs.

The Bethel Planning Board met Wednesday, Sept. 12, to inspect the site of two proposed subdivisions: Dole Woods on the Bailey Road and a development on the Chandler Hill Road proposed by Ruel Swain and Stuart Cross.

At Dole Woods, it was explained that in order for the subdivision to be approved by the State Department of Environmental Protection, it is required that the intersection of the Bailey Road and Route 26 be improved and made safer. The Bethel Board of Selectmen has recently sent a letter to the State Department of Transportation, requesting that the speed limit on Route 26 from Telstar to Bethel Village be lowered to 40 mph. This would be an interim safety measure. Some alteration of the entrance to the Bailey Road would also be undertaken.

FORMER ANDOVER RESIDENT ON WAY TO BECOMING SUCCESSFUL ARTIST

Mrs. Melanie Kerschner, daughter of Mr. and Mrs. Richard Johnston of Andover, is following in her father's footsteps. Mrs. Kerschner is exhibiting a painting and sketching ability not unlike that of her talented father. Presently living in Aschaffenburg, Germany, where her husband, Sgt. Dennis Kerschner is stationed, she has decided it is time to make a longtime hobby pay for itself.

While residing in New Hampshire, Melanie spent nearly two years as art director for a newspaper without pay, hoping to get experience and build her credentials in the field of art. Following the family's move to Germany, she did ink drawings of the countryside and city sights, at first giving them away. After discovering there was a market for her prints, she began charging for her work and also designed and had printed a greeting card, the sale of which was slow but successful. Presently she is working on a line of scenic Christmas cards which she hopes to market soon, with the hope that this will launch her into a full scale career in commercial art.

BETHEL CHAMBER COMPLETES VACATION BROCHURE PACK

The Greater Bethel Chamber of Commerce has completed a six months long program of developing a five brochure vacation package. Complementing the chamber's activities, the Moses Mason Museum, Sunday River Ski Area, Sunday River Ski Touring Center, Mt. Abram and the Bethel Inn, joined in the overall program to raise funds and prepare new materials essential for the year round nature of the program's goals. Once the program got rolling seventeen additional advertising supporters contributed their financial assistance.

Two facets of the program evolved: the human interest side and the serious production side.

So far the most human interest "mileage" has come from the authorship of an area fishing guide. Since at least one of the authors, Stan Fox, can be and often is pinned down at his barber shop by real life fishermen, the information contained in the

fifth graders, and for the superintendent to exclude students from school after consulting with the board chairman all in accordance with State law.

A report of the 1978-79 District Testing Results and Telstar Regional High School S. A. T. results is scheduled.

An executive session is to be requested before the close of the meeting.

Gould Academy Alumni to Gather This Week End

This week end, Sept. 21-23, will see several hundred Gould Academy alumni and their families return to the Bethel campus for the school's annual Alumni Day and Week End.

On Friday night, class reunion chairmen and Alumni Directors will meet for an informal reception at Alumni Director Al Barth's house, followed by dinner in the school's Gehring Hall dining room. An Alumni Board of Directors meeting will be held in Hanscom Hall at 7:30. From 7 to 9 p. m. the Alumni Office will be open to those who would like to browse through old yearbooks, pictures and memorabilia.

Saturday's events begin at 8:30 a. m., with the traditional Lumberman's Breakfast at the Bethel Inn Beach Club on Songo Pond—always a popular event as alumni gather under the tall pines to eat hearty food in the cool morning air. At 10:30, Dr. Stanley Howe, Gould '62, will present an illustrated slide show, "Gould Through the Years", concentrating on those reunion classes ending in "4" and "9".

The Alumni Buffet Luncheon and business meeting will be held at 12 noon in the William Bingham Gymnasium. An award recognizing a former Gould faculty member will be made at the luncheon. Contests follow, including a Gould-Telstar soccer game, and girls' field hockey game with Herbron Academy.

A reception at Headmaster Donald W. Fudge's house begins at 4:30, followed by a roast beef buffet in Bingham Gym at 6 o'clock. At the banquet the Alumni-of-the-Year Award will be made as well as the Nathaniel Tuckerman True Award for service to mankind.

Individual class reunions for years ending in "4" and "9" will be held at various times throughout the week end, and all Gould alumni, regardless of their year of graduation, are invited back to the campus for Reunion '79.

CARD OF THANKS

Many thanks to everyone who remembered me or helped in any way while I was a patient at Rumford Community Hospital: to my friends for the cheerful cards and all the neighbors for their offers of help and kindness to Dot while I was away. Especially I would like to thank Albert Raymond, Ramal and Sarah Stevens, the Hudson family and Agnes Haines for their thoughtfulness and the doctors and nurses who did all they could to make me comfortable. Everything was greatly appreciated.

— Carolyn M. Colby, Corres. —

Barbara Wilson met Louisa Grateau at the Portland airport Wednesday evening on her way back from her visit in Wyoming. Barbara brought her over the next day to pick up her car. I believe Louisa's address is c/o Mrs. Jenny Smith, 109 Penobscot St., Rumford, Maine 04276.

Bob Lowe, Albert Raymond, and Hank Rolfe went to Togus on Tuesday of last week.

Bob and Mona Lowe, Jane and Philippe Rolfe went to the Oxford Fair.

Monday forenoon was quite eventful here. I went out to see why a helicopter was circling so low over the field and was surprised to see it land at the end of the garage. It was occupied by two Maine Forest Service men who were trying to locate a woods operation. The three of us finally decided where we were and what direction they wanted to go in and I hope they got there. I asked them to drop in again. You know it isn't often a helicopter stops by for directions.

My uncle, Raymond Mills of Norway visited me Monday forenoon also, which was quite an event in itself. He gets up here about as often as I have a helicopter in the yard.

Barbara Wilson met Louisa Grateau at the Portland airport Wednesday evening on her way back from her visit in Wyoming. Barbara brought her over the next day to pick up her car. I believe Louisa's address is c/o Mrs. Jenny Smith, 109 Penobscot St., Rumford, Maine 04276.

Bob Lowe, Albert Raymond, and Hank Rolfe went to Togus on Tuesday of last week.

Bob and Mona Lowe, Jane and Philippe Rolfe went to the Oxford Fair.

Monday forenoon was quite eventful here. I went out to see why a helicopter was circling so low over the field and was surprised to see it land at the end of the garage. It was occupied by two Maine Forest Service men who were trying to locate a woods operation. The three of us finally decided where we were and what direction they wanted to go in and I hope they got there. I asked them to drop in again. You know it isn't often a helicopter stops by for directions.

My uncle, Raymond Mills of Norway visited me Monday forenoon also, which was quite an event in itself. He gets up here about as often as I have a helicopter in the yard.

Children's Center

The school opened its doors to a new Head Start program this week and continuing Day Care Program. There are presently 32 local children (ages 3 to 6) enrolled in the Child Development program. Staff and parents look forward to a productive year working towards meeting children's social, intellectual, emotional and physical growth at each individual's level. The Center is lucky to have a dedicated staff, and stress family involvement with children's education. Staff works together as a team, attends pertinent workshops throughout the year and keeps close contact with parents, and of course children!

This week the children are enjoying "getting to know you" activities, and old and new alike are rediscovering the schools learning areas.

RD OF THANKS

Not until each loom is silent, and the shuttles cease to fly, will God unroll the pattern and explain the reason why the dark threads are as needful, as the threads of gold and silver for the pattern which He planned.

Our heartfelt "Thank you" to all the words of comfort, the beautiful cards, the food, and donations during our bereavement. To the Bethel Emergency Ambulance Service and the doctors and staff at Bethel Memorial Hospital, Senleaf's Funeral Home, and Tom Caton, all are greatly appreciated.

(Bethel Emergency Ambulance & Rescue Service)

Sunday, Sept. 16, members of B.E.A.R.S. met at the fire station and traveled to Jeff Gaudreau's to practice with the 10 ton Portopower. Thanks Jeff for letting them pry open doors, take out windows and just about anything to be able to remove patients that might have been trapped in an automobile accident.

Congratulations to Don and Bertha Morin on the birth of a daughter (Doreen Elaine) on Sept. 15. She weighed 8 lbs. 4 oz.

Florence Merrill and Arlene Greenleaf will now be able to teach the refresher course for E. M. T.'s within the local unit. This will be very helpful as now trainees won't need to go out of town for this training. Congratulations girls.

The monthly meeting was held Monday night at the fire station. Training for the meeting was practice with traction splints. It was decided to try to start a door-to-door distribution of survey sheets. Watch this column for more details.

Welcome back to Rita Sweetser who has been out on maternity leave.

If anyone is interested in taking a standard First Aid Course, a Heart Saver course, or a full C. P. R. course, please contact Arlene Greenleaf (824-2744) or Florence Merrill (824-2521).

Lamps

I met a stranger in the night

Whose lamp had ceased to shine

I paused and let him light

His lamp from mine.

A tempest sprang up later on

And shook the world about,

And when the wind was gone,

My lamp was out.

But back to me the stranger came—

His lamp was glowing fine!

He held the precious flame,

And lighted mine!

At Chandler Hill Road, the board discussed the Swain-Cross sketch plan. They expect to meet again with the landowners again at the next Planning meeting, which will be held Sept. 26, at 7 p. m. at the Town Office.

The Planning Board's revision of the town's subdivision regulations will continue to be scheduled on the agenda, but will necessarily await the disposition of current business.

Hiking, skiing, canoeing, climbing, exploring natural and cultural history and wildlife are objectives for self initiated vacation experiences. The summer gas crunch helped boost these themes as they were being articulated. They can be picked up in the Bethel Town Office and if you are in Sacramento, Cal., they are available at the National Automobile Club's office.

LEAVITT HORNETS TOP REBELS, 7-3, IN SOCCER

Darrell Perron scored a hat trick and Scott McManus added two goals Monday, leading host Leavitt to a 7-3 soccer triumph over Telstar.

McManus gave the Hornets a 2-0 lead, the second goal on a penalty kick. The Rebels then scored their first goal as a varsity team when Rick James booted the ball past the Leavitt goalie.

The teams traded goals, Perron and Warren Walton for Leavitt and Hastings and Clements for Telstar. Perron made it 4-3, then Dan Wilkerson scored and Perron wrapped the scoring for his hat trick.

Leavitt led the improving Rebels 25-12 in shots.

TELSTAR ON TOP, 2-1 IN FIELD HOCKEY MONDAY

The visiting Telstar girls nabbed their fourth field hockey victory in five matches this season, Monday, downing Mexico 2-0 on second half tallies by Teen Gauthier and Marlene Bean. The shutout was served up by Karen Brooks of Telstar with three saves in the goal.

"SOMETHING TO DEPEND ON" A FRESH LOOK AT PRAYER

A new dimension to prayer—one that recognizes God's goodness as already present rather than something to be pleaded for—is offered in an upcoming Christian Science lecture.

In her lecture "Something to Depend On," Mrs. Ruth Elizabeth Jenks of Park Forest, Illinois, agrees that sometimes prayer is petition. But more often, she insists it should be a grateful acknowledgment that God has already supplied all good.

"There's more prayer in quiet listening than in a wordy barrage of requests," Mrs. Jenks says in her lecture to be given in Grange Hall, Main Street, Fryeburg, on Sept. 22, at 8 p. m.

Mrs. Jenks, who is a member of The Christian Science Board of Lectureship, will be introduced by Conrad Eastman. The lecture is sponsored by Christian Science Society, Fryeburg.

CHILDBIRTH VOLUNTEERS AT HEALTH CENTER

The Health Center is looking for volunteers interested in taking a part in developing, teaching and assisting expectant parents in preparation for a positive child birth experience. Experience is helpful but not required. Those who have been through the pregnancy, childbirth, and parenting experience have much to share and teach others who are looking forward to a positive child birth experience. As little as one hour every other month would be helpful, but those interested in becoming an integral part of the series might share their time once a week for up to eight weeks. This is a service which can only be provided by community members. Please help us offer unique Expectant Parents Classes through your ideas and time. Contact Shirley Powell or Kathie Tremblay at the Bethel Area Health Center, 824-2193.

LEAVITT HORNETS TOP REBELS, 7-3, IN SOCCER

Darrell Perron scored a hat trick and Scott McManus added two goals Monday, leading host Leavitt to a 7-3 soccer triumph over Rebels.

McManus gave the Hornets a 2-0 lead, the second goal on a penalty kick. The Rebels then scored their first goal as a varsity team when Rick James booted the ball past the Leavitt goalie.

The teams traded goals, Perron and Warren Walton for Telstar and Hastings and Clements for Telstar. Perron made it 4-3, then Dan Wilkerson scored and Perron wrapped the scoring for his hat trick.

Leavitt led the improving Rebels 25-12 in shots.

"SOMETHING TO DEPEND ON" A FRESH LOOK AT PRAYER

A new dimension to prayer—one that recognizes God's goodness as already present rather than something to be pleaded for—is offered in an upcoming Christian Science lecture.

In her lecture "Something to Depend On," Mrs. Ruth Elizabeth Jenks of Park Forest, Illinois, agrees that sometimes prayer is petition. But more often, she insists it should be a grateful acknowledgment that God has already supplied all good.

"There's more prayer in quiet listening than in a wordy barrage of requests," Mrs. Jenks says in her lecture to be given in Grange Hall, Main Street, Fryeburg, on Sept. 22, at 8 p. m.

Mrs. Jenks, who is a member of The Christian Science Board of Lectureship, will be introduced by Conrad Eastman. The lecture is sponsored by Christian Science Society, Fryeburg.

CHILD BIRTH VOLUNTEERS AT HEALTH CENTER

The Health Center is looking for volunteers interested in taking a part in developing, teaching and assisting expectant parents in preparation for a positive child birth experience. Experience is helpful but not required. Those who have been through the pregnancy, childbirth, and parenting experience have much to share and teach others who are looking forward to a positive child birth experience. As little as one hour every other month would be helpful, but those interested in becoming an integral part of the series might share their time once a week for up to eight weeks. This is a service which can only be provided by community members. Please help us offer unique Expectant Parents Classes through your ideas and time. Contact Shirley Powell or Kathie Tremblay at the Bethel Area Health Center, 824-2183.

Sunday River

Sent in by Eva Yates:
Old, Sept. 16, 38 chips off the old Charles and Loan Rowe block met at Bryce and Barbara Yates' home for a family reunion. While it was not a bad day when the sun stayed clouded in it was almost too cool for comfort outside but all had a good time and went home feeling like stuffed ducks. They came from Danville, New Gloucester, Lisbon Falls, East Andover, West Paris, Greenwood, Bethel, Oxford and Rumford.

Saturday night, Peggy Blake, Joe and Eva Yates, attended the installation of four granges at Paris Grange. Donald Dyer was the one to do the installing. We were treated to a delicious harvest feast.

Monday, Sept. 10, yours truly was in Rumford for a blood check. Laura Hutchinson called in the P. M. for some garden produce and such.

During the week we have made pickles, and Joe has done book work for the grange, been to the dentist, and a few other things, like making a couple sets of steps for a trailer and Friday he delivered them to the owner at Norway.

Friday forenoon Peggy Blake took her mother to Dixfield to see the doctor. He found her ears clean, her heart was ticking, and gave her some extra pills and said "Go home, you aren't dead yet!"

Viva Whitman and Rachel Silver had supper with the Yates Friday night.

Sept. 22 is Ladies Night at Bear River Grange. There will be pic-

EAT YOUR VEGGIES!

On Thursday, Sept. 13, the first of a series of assemblies and parent meetings was held at the Ethel Bisbee School. The assembly began at 2:15 p. m. with the introduction of the EBS staff. Miss Jolene Andre is the new Resource Room teacher.

The lunchroom bulletin board was decorated with pictures of the staff members mounted on large paper hands (We All Help). There was a sharing time when children from each class told about some things that have been happening in their class rooms this past week.

Because the EBS staff is concerned about nutrition this year "harvest time snacks" were served. The children helped prepare the snacks of raw vegetables: carrot sticks, zucchini sticks, peppers, celery, cucumbers and tomatoes. These vegetables could be eaten with pineapple cream cheese dip, peanut butter or just plain. The children were encouraged to try the veggies.

The lunchroom was decorated with pictures of vegetables. A poem written on a poster, was read by Mrs. Davis' second grade. "Is it soft—or is it crunchy? Do you like this little munchie? Is it mild or is it hot? Do you dip or do you not? Eat them morning, noon or night—You will grow and feel just right!"

A HARD DECISION — This group of Ethel Bisbee School students find it hard to choose when faced with a delicious assortment of harvest-time snacks. These garden delicacies, furnished and prepared by the staff and youngsters were served in the lunch room during an assembly and parents meeting at the school last Thursday afternoon.

dismissed, the parents remained to hear Mrs. Kay Chadbourne discuss the Parenting Class she will be teaching in adult education this fall.

A get-together with parents and teachers was held until 3:30. EBS Parents Handbooks were passed out to the parents who attended. The rest of the handbooks were sent home with the children of parents who were unable to attend. About 30 parents were present.

TELSTAR SCORES IN SECOND

TO DEFEAT HALL-DALE 32-14

Four second-half touchdowns lifted Telstar to a come-from-behind 32-14 victory over Hall-Dale in a Class D football game Saturday at Farmingdale.

Hall-Dale took an early lead. In the first quarter safety Wes Brann scampered 25 yards with a pass interception to give the Bulldogs a 6-0 lead. Early in the second quarter, Larry Smith capped a long march with a touchdown run of three yards.

Quarterback Pete Beaudoin kept that drive alive with pass completions that netted 50 yards. When he passed to Mike Allen for the two-point conversion, Hall-Dale led 14-0.

The visiting Rebels didn't get onto the scoreboard until the final seconds of the first half. With time running out and after a valiant goal-line stand, the Bulldogs were called for encroachment. Since a period can't end on a penalty, Telstar, out of timeouts, got one more crack. Rusty Van Deursen plunged in from the one yard line for the score.

Telstar dominated the second half. The Rebels scored 26 points during the final two periods, with halfbacks Russ Palmer and Glenn Dunn each scoring twice.

Interested citizens are invited to attend.

Louise Chapman spoke on several subjects. She is an out-reach member from the South Paris office. She also spoke on energy problems, housing and care of the elderly. Carpenters are available for small jobs. A special grant will be available for those who are eligible.

The October meeting will be at the Old Fellows Hall. The cake will be furnished by the Bryant Pond ladies. The speaker will be Lori Hale of the Western Maine Transportation.

A flu clinic will be held at West Parish Congregational Church on Sept. 25 from 1 to 3 p. m. All Senior Citizens should take advantage of this unless they have already had one from their own doctor.

SAVE ENERGY AND SAVE MONEY.

Here's Casco Banks' four-way plan to help.

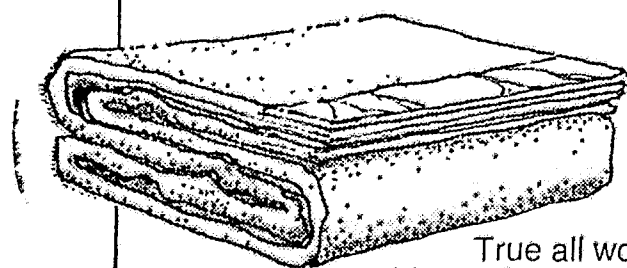

1. The "save energy" catalog.

With our sponsorship, the Maine Audubon Society has prepared a comprehensive catalog of things you can do to save energy and save money. It is packed with helpful and interesting information. As long as our supplies last, you can pick up a FREE copy at any office of the bank that's always thinking.

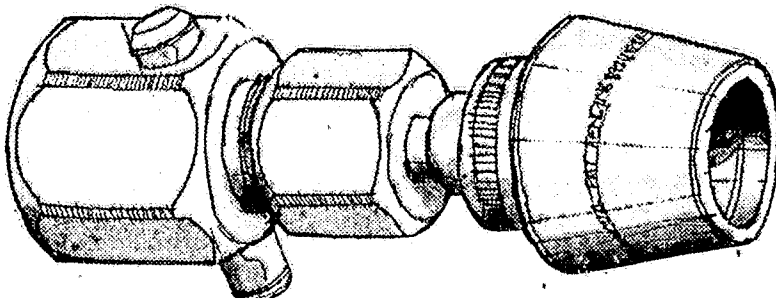

2. Premiums, too!

This is not the typical china or silverware offer! These are special energy-saving premiums and they're available FREE or at well below regular retail price, depending on the premium you choose and the type and size of your deposit. They are recommended by the Maine Audubon Society, leaders in energy conservation. And because they help you save energy, they'll save you money month after month — year in, year out! Supplies are limited.

100% Wool
Chatham
Blanket

True all wool quality that lasts and lasts. And unlike "synthetics" this North Star Zephyr from Chatham will help keep you comfortably warm on cold winter nights even with your thermostat set back. A special purchase permits us to offer them at an amazingly low price.

CON-SERV Nova low-flow
shower head

A real money saver that cuts hot water usage from about 5 gallons per minute to about 2 gallons a minute. Because it works differently from simple devices that merely reduce water flow, you still enjoy your shower. Nova's finer spray actually in-

creases water pressure. Its instant ON/OFF button lets you conserve while soaping without disturbing water temperature adjustment. Available to you at well below the normal price, and pays for itself in less than a year.

Energy-Savers/ Outlet Insulation Pads (Set of 8)

Place pads behind electrical outlet plates on all outside walls. Insert plugs should be placed in any outlet openings not in use. You'll block out the cold air and keep in the warm. Even at the regular retail price they pay for themselves in about six months.

Polycel One Foam Insulation Barrier.

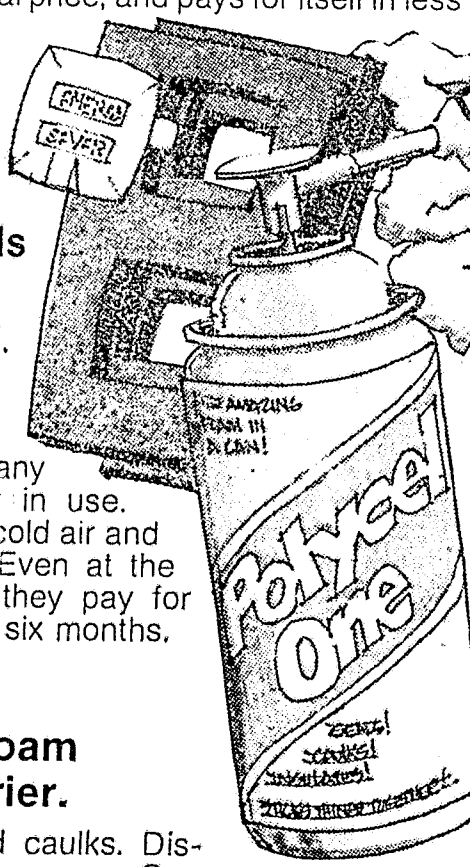

Seals, insulates and caulks. Dispenses like shaving cream. One can covers as much area as 15 tubes of caulking compound (175 running feet). Easy to apply around window casings and sills to cut heat loss. You get your money back in lower heating bills in the first season.

3. "How to save energy" lecture series.

With Casco Bank's sponsorship, the Maine Audubon Society will present a series of three lectures at various Maine locations. They will feature practical solutions to home energy problems. Don't miss them. Lecture dates and locations will be announced. Each series of lectures will feature these topics:

Wood Heat — The emphasis will be on buying the right stove; chimney and stove maintenance and safety; selecting, preparing and storing wood; avoiding creosote problems and chimney fires; the pros and cons of central wood furnace systems vs. room-type stoves.

Insulating Your Old Home — A discussion of insulation types and uses; vapor barriers and how to use them; selecting a contractor and how to know if he did a good job; what are your insulation priorities if money is tight.

Solar Energy: What's Practical for Maine? — We will concentrate on older homes and what can be done, from solar domestic hot water systems to such things as sun-catching greenhouse collectors. The basics of passive solar energy systems and heat storage will be explained.

4. Lower loan rates for energy-saving home improvements.

To help you save energy and save money, we will reduce loan rates from now through December on home improvement loans which meet certain energy conservation guidelines.

We strongly recommend that you arrange for an energy audit of your home which will provide you with information about your energy usage as well as specific, cost-efficient recommendations on how you can use less energy.

Check with us first. We'll tell you how to arrange for an energy audit and if you qualify, the cost of your audit can be included in your reduced rate home improvement loan.

WALKING WITH JESUS CHRIST

Religion is a joke—yes, it's so. There are so many religions about, one can hardly count them.

The first religion got its start the day Satan deceived Adam and Eve—yes, religion would be a joke if the results did not have such far reaching results, either salvation through Jesus Christ or the eternal horrors of hell.

See the religions of the nations that even today are suffering calamities of such proportions that we shudder—floods, droughts, famines and invading armies.

We can read in the old Testament Books of fires and destroying locusts sent by God to urge the Israelites to return to Him. How many times God has had to act and say—"So ye shall know that I am the Lord your God"—Joel 3:17.

God has especially blessed our nation—yet we too are falling away—calamities of a lesser degree do befall us—if God knows every sparrow that falls, and every hair of our head—Matt. 10:

Mr. and Mrs. Donnie Stearns and little son of Portland, visited their mother, Elizabeth Stearns over the week end. Donnie and his brother, Wayne, cut up the tree that was killed by lightning. They got several loads of maple wood.

Mrs. Della Ricker has exchanged cars.

Mrs. Ethel Files and her daughter, Eleanor Nelson, went to Lewiston shopping, Saturday.

Stanwood Nelson took Barry Andrews of North Waterford to Norway to get his groceries last Thursday.

Sharon McAllister and Frances Grant returned to their work Monday morning at Grover's mill. Mrs. Grace Nelson and myself went to Norway Friday to get our hair done.

A heavy thunder shower left a lot more rain Friday evening. Mrs. Agnes Files went to Oxford Friday to see her doctor. Mrs. Christine Haisat provided transportation.

Mrs. Cindy Fox is transporting the handicapped children of Lovell every day to South Paris, making two trips. She makes an excellent one for it, as she is so good with children.

We are all sorry to hear that Winnie Bickford of Norway fell and broke her hip. She is now at Ledgeview and we all wish her a speedy recovery.

Nate Smith and Bob Martin are making extensive repairs on the Nelson home; painting, laying new sills and a new cement floor under the large porch. Now that Bradley Nelson owns a lovely home in Winslow and is now vice president of the company he works for, I doubt if he will ever live here except on short visits.

Mr. and Mrs. Anderson of California are visiting their daughter Mrs. John Woodbury and family for ten days. They hope to see the fall foliage in its beauty.

So far we haven't had a frost. I take my plants in every night and put them out in the morning. I miss the birds. I have put out my feeder, but haven't had any birds as yet, not even a blue jay.

Several went to Fillebrown's orchard for apples Saturday and Sunday.

State Grange Steward Donald Dyer and Sister Dyer spoke on Grange work.

Francis Conant auctioned off patio ashtrays and holders for the Scholarship Fund, from which was realized \$6.31.

The next meeting will be on Oct. 2, when the officers will be installed by Francis Conant and his staff.

A 6:30 supper will be served by the host Grange before the meeting. Visitors are to bring the usual pastry.

29, 30—then He is Lord of all—permitting sunshine and green valleys—storms and wars—He is Lord—a Holy God that cannot sin—He is a loving God and wants to be loved—but he is running out of patience—many refuse Him—havoc will be wrought—"So ye shall know that I am the Lord your God."

For us now is the acceptable time—"That the gentiles should be fellow heirs and of the same body, and partakers of His promise in Christ by the Gospel"—"That He would grant you, according to the riches of His glory"—"That Christ may dwell in your hearts by faith"—and to know the love of Christ, which passeth knowledge, that ye might be filled with all the fullness of God—"unto Him be glory in the Church of Jesus Christ throughout all ages, without end." Bethel 836-3533

Greenwood City

Mrs. Cellita Morgan, Corres.

This day started of glover and intermittent rain. It looks now as if it would be a drizzly night with a storm hovering off the eastern coast somewhere. We look out and wonder "Will it" or "Won't it?" waiting in uncertainty. We usually wish the uncertainty were over; that it would either come or go. How like a crisis in life. We face it when we know it's there but vagueness is something else.

How different from the day I climbed the Spring Road and went to the ledges.

All along the road the calling of birds accompanied me. Birds chasing one another, plunging out of bushes and flying from tree to tree. I presume some were migrants winging their way toward their winter home in the South. A cat bird mewed and flapped his tail as I passed by. Once I heard a thrush cut through the rising notes of the others.

I turned right at Fox Hill and went over the bank into the hemlocks. The grove was soft underfoot and rather dark and shady.

I then wandered the sunlit woods where the foliage is already thinning. The sunshine came flooding in and a "Woody bear" was humping along crossing in front of me. I saw his black and brown coat disappear beneath a leaf.

There were flickers that flew in groups as I came near. They were hunting for ants.

Most of the time I found enjoyment in the little things. I noticed the ferns making zebra-like patterns on the bark of a maple tree.

The tiny brooks were making their ways into sheltered pools near mossy rocks.

At the ledges there is always a clear view of the pond, mountains and the road.

I sat to watch the diamonds on the water. Across on the woody shore there were isolated spots of crimson marking spots of swamp maples in their new colors. After staying here for a while to watch the life on and around the water, I then turned once more toward the woods.

I perched on a log and saw where the Canadian mayflower had gone to seed, saw the white spore dust of the fungi, and a daddy long legs making its way over the leaves. At the base of a dead tree there were signs where a partridge had dusted in the decayed wood. Closing my eyes I listened to identify the sounds. A tiny thud made by the falling acorn, a long hiss as the breeze in needles of the pines, a tick-tick, tap-tap came from a dry leaf swinging against a twig, and the "chuck-chuck" of the chipmunk along with many others.

Part way back I paused by the brook to see the brilliant jack-in-the-pulpit berries scarlet in the sun. Amid the greens and browns the "doll eyes" of the bane berry.

MIDDLE INTERVAL MEETING
HOUSE PEW SALE

Pew #26 has been purchased by Pearl Ashby Tibbets. (She is sharing the pew with Lt. Gen. and Mrs. James D. Alger thus giving the Middle Interval Meeting House Society double revenue.) The Society feels very fortunate to have her write a sketch based upon conversations with older citizens of Middle Interval 50 years ago.

The restoration of the Middle Interval Meeting House is a heartening project and has revived wide spread interest. Local people and former natives now living in distant places heard of the project and reached for their check book.

Many of them remember Grandfathers' stories of early days when the Meeting House was young.

Some remember how eagerly they listened to tales of chopping big trees and teams of oxen and gathering sap from maple trees and "sugaring off" parties. (Everyone likes to hear about eating maple syrup off snow.)

Young farmers like to hear of lush meadows that grew shoulder-high timothy grass and the hay makers swinging scythes and slaking their thirst with swigs of switchell from a stone jug.

Grandmothers' laughing memories were of quilting parties and corn husking bees and of cooking for the barn raisings. She told how she and her daughters would cook for days to be sure of plenty of food for the hungry men who had gathered to get the prepared hand hewn timbers in place for the new barn.

Gram called this occasion the barn raisin' and neighborhood cook stove ovens were busy cooking thirty or forty pies, as many cakes, great iron kettles of baked beans and enough hot biscuits to fill a farm cart.

Quilting parties were fun and unless the hostess was too pious would be followed by a dance.

Sometimes the music was made by a hired man with an accordion or a mouth-organ. They danced the Boston Fancy and Lady of the Lake.

The early settlers were God-fearing and devout people. Entire families filled the box pews of the new Meeting House. Sermons were long. Small girls napped and their brothers gently banged their copper-toed boots on the soapstone foot warmer carried in by the head of every household.

If the wheezy organ lacked a musician the singing school master was there with his tuning fork and the congregation was always in good voice.

Patient oxen grazed around the half acre yard called the Common and lunches were eaten on the door steps. Another sermon would soon begin. The preacher was young Daniel Gould, a school teacher from Bethel Hill.

After serving as a place of worship and a neighborhood social center for a hundred years the

FRANKLIN GRANGE #124
MET SEPTEMBER 3

Franklin Grange #124 met in their hall Sept. 3 for Neighborhood Night with Mildred O'Blens in charge. She obtained the following officers from neighboring Granges: Master, Lewis Marcotte, West Paris; Overseer, Priscilla Jasud, Rumford; Lecturer, Mildred O'Blens, Franklin; Steward, Leona Sawyer, Rumford; A. S., Elmer Taylor, West Paris; L. A. S., Doris Taylor, West Paris; Chaplain, Eva Yates, Bear River; Treasurer, Marion Easter, Rumford; Secretary, Russell Yates, Bear River; G. K., Gerald Easter, Rumford; Ceres, Linona Blake, Bear River; Pomona, Marguerite Marcotte, West Paris; Flora, Althea Tucker, Rumford; Ex. Com., Louvie Coffin, Katie Tamminen, Madeline Jacobs of West Paris.

The program consisted of greetings by the Lecturer; an opening song, readings, accordion solo by Laura Hutchins, a skit, "The Letter", Carl and Lettie Brooks and Rachel Mills, Franklin Grange or chesha, "The Old Woodbox", Russell Yates and slides on Grange Jamboree at Montville and "close-ups on flowers", which were very good. The closing thought was "The Value of a Smile" by the Lecturer.

Refreshments were served after the meeting.

The next meeting will be installation of West Paris Grange and Franklin Grange by Chester Hayes of Winthrop Grange, Shelburne, N. H. A 6 o'clock supper will be served at Franklin Grange Hall preceding the meeting.

doors of the old Meeting House were closed. They opened occasionally for a wedding or a funeral. The automobile made a quick and easy trip to village churches.

The original pew owners rest in Eternal Peace in the adjoining church yard. Descendants of early families are scattered. Their affection for the Meeting House is inherited and loyal.

Many of the farms along the Androscooggin River are occupied today by families whose great grandparents were among the stout-hearted group who felt an urgent need for a place where they could publicly declare their love of God. And the Meeting House was built.

If these shabby brown walls and weathered clapboards were given voice many a tale of hope and despair, of joy and sorrow and life and love could be told. The quaint old Middle Interval Meeting House is history and deserves Loving Care.

From the Bethel Town Office  
Newry-Bethel Town Line

The Board of Selectmen met Monday evening, Sept. 24, and acted on a long and varied agenda. The Selectmen met with Jeff Hole, the Town's attorney to review pending court cases and then with Mr. Hole and Newry Selectmen Roger Hanscom, Willard Wight, and Steve Wight concerning the Bethel-Newry town line. Although there was much discussion, no action was taken as the two Boards agreed further investigation by Mr. Hole was necessary. The Town line question centers on the fact that the line observed by property owners does not follow the line as laid out by the state legislature when the Towns were formed.

At 7:15 a public hearing was held on the application of Susan O'Donnell, d/b/a Mothers', for a special amusement permit. Mr. O'Donnell explained to the Board that she was interested in hiring an occasional single entertainer, such as a guitarist or a pianist to play unamplified music. No members of the general public were present to speak about the application and the Board voted to issue the permit.

The Board reviewed the liquor license application of Esther Crockett.

This program combines classroom teaching by the dental hygienist, Jane Barth, and the classroom teacher, with the daily and weekly use of fluorides. This type of program is being used all over the State and the country
